

POLYCYSTIC OVARY SYNDROME (PCOS) STUDY

Are you an active duty woman that has been diagnosed with PCOS?

We would love to hear from you!

Who: Active duty women diagnosed with PCOS.

What: Opportunity to take part in a research study looking to understand the experience of being a military member with PCOS. Focus groups of up to six women. The one-time group discussion will last up to 2 hours.

When: Recruiting now.

Where: Travis Air Force Base, Madigan Army Medical Center, Naval Base San Diego.

Benefits: Opportunity to participate in a research study, potential increased knowledge and awareness of the impact of PCOS on military women, network with other women with PCOS.

Participants will not be compensated.
